99.1 Letter to Monogram employees from David P. King, Chairman and Chief Executive Officer of LabCorp.

[LabCorp Letterhead]

Dear Monogram Employee:

I am very pleased that we have announced the agreement for Monogram Biosciences, Inc. to join LabCorp, and I look forward to the opportunity to personally welcome you to the LabCorp family.

We have long admired Monogram's innovative diagnostic science, superior customer service, and inventive new products. Your dedicated work in developing Trofile, PhenoSense, and HerMark has improved outcomes for thousands of patients. You should all be very proud of the Company you have built and the difference you have made in people's lives.

Monogram has an excellent clinical reputation, a market leading infectious disease test, a market leading companion diagnostic and an exciting technology platform for oncology. That our two companies in combination will have a great impact on people's lives and health outcomes is what excites me the most about the opportunity we have together.

I know that change brings questions and want to assure you that nothing is more important to me than clear and open communication. I look forward to meeting with you soon and greeting each of you personally as we become partners in leadership in personalized medicine. I hope that you are as excited as I am about the opportunity that the pending combination of Monogram and LabCorp brings for our employees, our clients, and our patients. While the transaction is pending, however, we must continue to operate as separate companies, focused on our current independent priorities.

I will welcome you to our organization with great pride and enthusiasm. I look forward to when we become one company, when we will proudly retain the Monogram name and mission: The right therapy to the right patient at the right time. I look forward to much success together.

Very truly yours,

/s/ David P. King
